

POKÉMON TCG ERRATA

Here is a list of all errata in the Pokémon Trading Card Game. The text below reflects a correction to the text on the cards, not how it originally appeared.

Last Update: June 2, 2025

MAJOR CHANGES TO EXISTING CARDS

Pokémon Tool Cards

Starting with the *Scarlet & Violet* series, Pokémon Tool cards are no longer considered Item cards. All Pokémon Tool cards will be in their own category of Trainer card: Pokémon Tool. This applies to all Pokémon Tool cards, including ones from before the *Scarlet & Violet* series.

Sacred Ash

Shuffle up to 5 Pokémon from your discard pile into your deck.

Changes: Now the text says “up to 5” which means the player can choose 1, 2, 3, 4, or 5 cards.

Leftovers

At the end of your turn, if the Pokémon this card is attached to is in the Active Spot, heal 20 damage from it.

Changes: Heals 20 damage instead of 10.

Super Rod

Shuffle up to 3 in any combination of Pokémon and Basic Energy cards from your discard pile into your deck.

Changes: Now the text says “up to 3” which means the player can choose 1, 2, or 3 cards. Major change compared to the Super Rod from Neo Genesis (103/111).

Superior Energy Retrieval

You can use this card only if you discard 2 other cards from your hand.

Put up to 4 Basic Energy cards from your discard pile into your hand. *(You can’t choose a card you discarded with the effect of this card.)*

Changes: Now the text says “up to 4” which means the player can choose 1, 2, 3, or 4 cards.

Rare Candy

Choose 1 of your Basic Pokémon in play. If you have a Stage 2 card in your hand that evolves from that Pokémon, put that card onto the Basic Pokémon to evolve it, skipping the Stage 1. You can't use this card during your first turn or on a Basic Pokémon that was put into play this turn.

Changes: You can no longer use this card to evolve a Basic to a Stage 1 Pokémon, it can't be used on your first turn, and it can't be used on a Pokémon played this turn.

Potion

Heal 30 damage from 1 of your Pokémon.

Changes: Heals 30 damage instead of 20 damage.

Great Ball

Look at the top 7 cards of your deck. You may reveal a Pokémon you find there and put it into your hand. Shuffle the other cards back into your deck.

Changes: This card works very differently now. It can no longer search the entire deck for a Pokémon and put it directly onto Bench.

Pokémon Catcher

Flip a coin. If heads, switch 1 of your opponent's Benched Pokémon with his or her Active Pokémon.

Changes: This card now requires a coin flip. (This makes Pokémon Catcher functionally identical to Pokémon Reversal.)

Energy Retrieval

Put up to 2 basic Energy cards from your discard pile into your hand.

Changes: Gets back up to 2 basic Energy instead of 2.

Pal Pad

Shuffle up to 2 Supporter cards from your discard pile into your deck.

Changes: Shuffles in up to 2 Supporter cards instead of 2.

Energy Recycler

Shuffle up to 5 basic Energy cards from your discard pile into your deck.

Changes: Shuffles in up to 5 basic Energy cards instead of 5.

Lum Berry

At the end of each turn, if the Pokémon this card is attached to is affected by any Special Conditions, it recovers from all of them, and discard this card.

Changes: Works at the end of each turn instead of between turns.

Sitrus Berry

At the end of each turn, if the Pokémon this card is attached to has 3 or more damage counters on it, heal 30 damage from it and discard this card.

Changes: Works at the end of each turn instead of between turns.

Hyper Potion

Heal 120 damage from 1 of your Pokémon that has at least 2 Energy attached. If you healed any damage in this way, discard 2 Energy from it.

Changes: This card works very differently now. The text is essentially brand new.

Quick Ball

You can play this card only if you discard another card from your hand. Search your deck for a Basic Pokémon, reveal it, and put it into your hand. Then, shuffle your deck.

Changes: This card works very differently now. The text is essentially brand new.

PlusPower

During this turn, your Pokémon's attacks do 10 more damage to the Active Pokémon (*before applying Weakness and Resistance*).

Changes: This card no longer attaches to a Pokémon when used.
